

Commonwealth Pharmacists Association
40th Anniversary series of interactive meetings
on
“Health Services to Support Persons with Disabilities”

to be held at the Bay Gardens Hotel, Castries, St Lucia
on Wednesday, 11th August

The Commonwealth Pharmacists Association is celebrating its 40th Anniversary in 2010 and marking the occasion with a series of meetings.

The Commonwealth Pharmacists Association (CPA)

- has focused on the Role of the Pharmacist
- has focused on the Role of the Pharmacist in various healthcare settings over the years
- has knowledge of the adoption of a Convention on the Rights of Persons with Disabilities by the United Nations General Assembly in December 2006.
- CPA is therefore collaborating with the Caribbean Association of Pharmacists (CAP) in its America's Region to hold an interactive meeting on *Health Services to Support Persons with Disabilities* on August 11, 2010 in Castries, St. Lucia.

Supported by the Commonwealth Foundation, CPA will hold at least two such meetings in other Regions as a highpoint of its 40th Anniversary.

- Communiqués developed will be used to inform the health policy agenda.
- Pharmacists and other members of the health care team, and stakeholders from NGOs for persons with disabilities are invited to participate.

This is a chance for you as pharmacists to have input into the communiqué that will not only enhance your role as pharmacists but lead to a better understanding of the health challenges faced by those living their daily lives with disability.

For further information on the workshop and a registration form contact either:

Mrs. Betty Falconbridge – admin@commonwealthpharmacy.org

or

Dr. Grace Allen Young – gruyoung@cwjamaica.com

The meeting, lunch and refreshments is free to pharmacists and other members of the health team in the Americas Region and those pharmacists attending the 2010 CAP Conference.

A free shuttle bus will run between the Bay Gardens Resort Hotel (opposite the Village Inn) and the Bay Gardens. It is approx a 10 minute drive
